

REMARKS

Amendments to the Specification

Pursuant to Examiner's objections to the Specification as presented in the Office Action mailed November 23, 2009 in connection with the instant application, Applicant provides the following remarks concerning the above-numbered amendments:

- 1.) A priority statement of the instant application's parent provisional and nonprovisional applications has been added.
- 2-3.) The two changes ("T551 to T55I") now include the appropriate markings to indicate such.
- 4.) The embedded hyperlink (browser-executable code) identified by the Examiner on page 9, line 16 of the Specification as filed has been removed per MPEP § 608.01 (Part VII).
- 5.) A typographical error in the Amendment submitted by Applicant on August 11, 2009 was the source of confusion. The amendment above ("~~HuAIP12~~HuAIP12") now correctly identifies the text in the Specification to be deleted and the replacement text submitted by Applicant.
- 6.) Two typographical errors identified by the Examiner on page 34, lines 4-7 of the Specification as filed have been corrected.

Applicant believes that all objections raised in the Office Action mailed November 23, 2009 in connection with the instant application have now been addressed.

Applicant assumes that all other amendments and remarks submitted on August 11, 2009, along with the following documents, files, and fees, have been accepted and made of record in the instant application: (1) Replacement Sheet for Figures 1 and 2; (2) Marked up Copy of Figure 1; (3) Exhibit A; (4) Exhibit B; (5) Replacement Sequence Listing and Accompanying

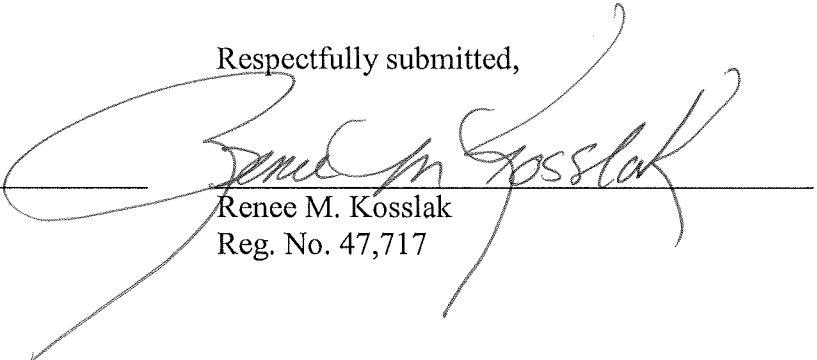

Statement; (6) Petition for a 3 month extension of time under 37 CFR § 1.136; and, (7) the fee set in 37 CFR § 1.17(a).

Although no additional fees are believed to be due at this time, the Commissioner is authorized to charge any necessary fees or other relief that may be required, or credit any overpayment, to Facet Biotech Corporation, Deposit Account No. 50-4820 (**Order No. 116 US PC02**).

Respectfully submitted,
